We hope you enjoy this edition! **Please leave us your valuable feedback at [marketing@nyatigroup.com](mailto:marketing@nyatigroup.com)**

**Dr. Jagdish Hote**  
Executive Director and CEO

Greetings to you all. I hope, the last newsletter for the calendar year 2021, finds you in good health and peace of mind. Till Q3 FY. 2021 – 22, Nyati Group has enjoyed a string of successes and in parallel, has achieved significant milestones in process improvements.

In RE (Real Estate), under the dynamic leadership of Mr. Piyush Nyati (Executive Director, Nyati Group) we have launched 10 towers at Nyati Elan, Wagholi and 3 Towers in Nyati Elysia. Even in the uncertain situation of Covid-19, we have successfully handed over Nyati Esteban, Undri. To ensure the stringent implementation of systems and to achieve the desired quality, we appointed an Internal Auditor within the group reporting directly to the Board of Directors. His audit reports have resulted in reducing inventory and non-conformities on the sites. With reference to UDCPR- 2020, we have finalised the layouts and building plans for no less than six township projects which are ready for submission and shortly look forward to adding many more locations to our already vast scope of development.

At Nyati Group, our culture stems from taking on new roles and responsibility as the page turns and the years go by. And it a proud moment for all of us at Nyati Group to witness Mr. Pranav Nyati (Director, Nyati Group) taking complete ownership of his first ever project at Dhanori. With an excellent design, a beautifully crafted show unit and experience center, and a thoughtful approach to every decision, we wish him all the best and will put in our full efforts to ensure that his maiden voyage is a resounding success.

Staying true to our value system of quality construction that fulfills the need of society has netted us yet another award, this time being recognized as the "Best Developer Of The Year 2021" by Times Realty Icons. Kudos to Mr. Harish Shroff (Director – Sales, Marketing & Business Development) and team for keeping the flag flying high and ensuring that we are in line with our vision of being the 1st Choice.

In EPC (Engineering, Procurement & Contracting), we decided to venture into infrastructure, and I am happy to inform you that we have successfully bagged an NHAI project worth 900 Cr in Rajasthan. We have been successful in constructing structures like bridges & culverts which require specialized skills over and above the development of buildings.

In this quarter, we handed over the Shirdi Project worth 225 Cr in the given time span and with desired quality. This project we have decided to nominate for the reputable "Well Built Structure" Competition organized annually by the Builders Association of India. The modern technology of aluform shuttering, initiated with Nyati Elysia, has achieved optimum repetition with the Police Housing Project, Goregaon. We have also been able to achieve an 8 - 9 day Slab Cycle consistently across all the buildings.

In the Engineering Department, we have established MEP as a separate vertical and in the very 1st year, the prestigious project of Vidhan Bhavan, Mumbai was successfully completed and handed over. The major challenge in this project, was we had only 100 days in hand to complete this project before Vidhan Sabha's next Session/Adhiveshan was supposed to start.

Due to timely completion being an integral part of our value systems, it is my pleasure to inform that we have

received yet another project from the Symbiosis University to be constructed at Hinjewadi after completing their previous projects at Nagpur and Lavale, Pune respectively.

**HOSPITALITY**

Our execution team, headed by Mr. Patwardhan (Zonal Chief Engineer) took on the challenge of renovating & upgrading The Corinthians Resort & Club with a set timeline of only 75 days. The following activities were conducted in this endeavor.

1. Upgradation of 64 five-star category Rooms
2. Complete revamp of the grand entrance lobby.
3. Construction of Pune's largest banquet, aptly titled The Platinum Ball Room
4. Complete revamp of restaurant experience and increase in dining capacity

**DIVERSIFICATION**

Swastik Wellness Center is yet another dream project of our Honorable CMD Dr. Nitin Nyati. It is taking its unique shape and progress under the able guidance of Mrs. Anushree Nyati and Mr. Vivek Malpani.

It is a humbling moment for all of us as we witness Dr. Nitin Nyati (Chairman & Managing Director, Nyati Group) showcasing his selflessness with a contribution to the Konkani Relief Fund. It teaches us all the spirit of giving, and his leadership in this noble initiative ensures that we too, in our own capacities, must continue to serve society with our support in all fronts, not only financially, but any assistance that we can offer.

Mrs. Sulekha Nyati (Chairperson, Nyati Group) blessed a noble goodwill initiative this year, aptly named "Ghar". A space for orphans, marginalized women & the elderly ladies requiring assistance, this is a beautiful initiative to bring 3 generations of people together, learning from each other and leaning on each other as they walk through life together. I am proud of our association with the noble defense veterans who conceptualized and executed this concept and urge all of you to support this noble cause.

I must mention the vibrant HR team, led by Deepak Pathak in his capacity as VP, and recognize their efforts in making this an exciting and engaging quarter by initiating the Nyati Olympic League, wherein all the employees across India were engaged in various sports. Their celebrations of Navratri and Christmas also served to bring us all closer together as family. May we all keep up the good spirit and cheer that inspires us to continue giving our best and keep our morale high in these uncertain times.

In the next 3 Months, which is the final quarter of FY 2021-22, we will be achieving the projected turnover for all verticals despite market uncertainties.

With our present projects and expected sanctions, I foresee a bright & rocking future for Nyati Group, not only for this year, but also for our upcoming years.

Wishing all you a very Happy New Year 2022!

The practice of cake mixing begins quite early, mostly in the first week of December itself. It is an age-old tradition where kilograms of dry fruits, nuts, grains and spices are combined together to form a mixture. This mixture is then soaked in alcoholic blends for some days to let them soak all the flavours and aroma. Lastly, it is divided into parts which go into the cake batter, from which further Christmas Fruit Cakes are baked.

" It is a lovely ceremony where you do not just make preparations for the upcoming festival, but also get together to welcome the festive spirit that is so synonymous with Christmas.

★★★★★ 1 week ago

Parts of the resort was under renovation and the first 2 rooms we were allotted had a damp kind of smell, when we spoke to the Duty Manager Amit he upgraded us and shifted us to a wonderful room. The stay was very pleasant, breakfast spreads have a good variety and variation everyday and is of good quality and quantity. The staff is very helpful and courteous and we were pleasantly surprised that even the driver that takes one from the lobby to the rooms above asks if the stay is going good. Did miss out in the swimming pool as we were on a work action and did not have too much time after work to lounge in the pool but we will be back soon after the renovations are over for a full experience at this fabulous place. Special mention of Amit, Shruti and Rinki in helping us around. Will visit again for a full 5 star experience. Just 1 suggestion to the management, to put up directions all around outside the property so people don't get lost in search of the correct entry point as 2 of the 3 entries have limited access due to the renovation. We had a bit of a confusing time on the 1st day to find the right entry
